

HOW WE WORK **PORTFOLIO OF SERVICE**

With Snaidero, you are considering a superior product to add to the distinction and exceptional quality of your project, and we appreciate the investment you will be making for the Snaidero quality and craftsmanship. We invite you to visit the showroom so we can review your plans, assist you in selecting a style and finish for your cabinetry, and explore your individual lifestyle and cooking needs.

BUDGET ESTIMATE

An initial showroom consultation and cabinet budget estimate are offered to you without obligation. Our budget estimate is based on a client's dimensioned floor plans and can also include appliances, if requested.

DESIGN RETAINER

A professional fee is based on percentage of the total estimate of cabinetry, which enables the Snaidero designer to verify job site measurements, investigate various approaches, and create a design and layout based on client's needs and desires within the available space and budget. The Retainer shall be applied in full to the contract amount.

KITCHEN DESIGN & LAYOUT

As stated above, a Snaidero designer will work with you to create an individualized kitchen environment that is practical and functional as well as beautiful. It is our aim to design a kitchen that will be a source of pleasure for years to come. We will assist you in specifying, coordination, and purchasing your appliances. The Snaidero designers are highly trained and have the experience as well as the resources to make the correct appliance selection.

FULL WORKING DRAWINGS

The Snaidero team will provide a complete set of the detailed floor plans, elevations and specifications for the project.

INSTALLATION

Snaidero designers can recommend an experienced list of Snaidero trained installers to make sure that your entire kitchen comes together seamlessly for your complete enjoyment for years to come.
